I have written this book to give a greater understanding of how this history was formed and the relationship between history of old and today as we see culture expand. This is my story. It explains the principles of slavery, organized baseball, and Veterans of the military. There are some stories of individuals that have made and are making an impact on this great nation. This book was written to inform readers about Black History, in Warren County, McMinnville, Tennessee located in middle Tennessee. The very first chapter was written to inspire all that read it. Chapter two is to explain principles of slavery. There are names, dates, and information that can help give individuals closure in the history. The photos in this book are most important, so that you can have a name, a place, what a person or people look like. It took 17 years to get information, history, stories, photos, and research, to make this a very interesting book. When one opens this book Through Wolf's Eyes, they will see what I see. Great book for historians, no matter what flavor you are!
