What happens when a stagecoach headed West runs into trouble in more ways than one? ML Marr tells us the 1868 drama of a group of unlikely strangers who combine their quest for justice and truth to achieve their ultimate deliverance. When Penelope Svensen, a quiet girl from St. Louis, learns of an opportunity to be a schoolteacher in the Western Territories, she couldn't be more ready to start her new life. The Civil War has just ended and possibility is all around her. When she meets Clay on the stagecoach, she doesn't think much of him at first. But when Clay defends Penelope and the other passengers of the stagecoach from a band of outlaws, little do Penelope and the others realize that their lives will only be further intertwined with Clay's when they reach their New Mexico destination. They cannot even imagine the greater evil that waits to do battle with them there.
